July 22 & 26, 2025

TARAKI Website

In Progress

- Improved the TARAKI Website based on the list that I've created for development

July 22:

admin role it should not be entrepreneur on the dashboard*
search bar results role title case*
sign up show password icon*
handle duplicate email*
correct handling of birthday, i cant type the year if i typed the month and day first, that's wrong*
user details modal should not be displayed if the user is an admin*
the contact number should have the handling on the input box itself*
education date label graduation*
employment date label started*
the academic profile card should have fixed size, not based on the size of the content*
skills not saving from the user details modal*
skill card on the user profile should be at the right panel*

July 26:

user profile mobile view cards order: about, general information, social links, skills, professional background*
funded startups should be shown on the landing page
testimonial header and section
TARAKIs Card
funded startups
partner organization carousel
user details modal
are you a founder?
Notifications badge count update
Notifications dropdown item list update
distinction between the read and the unread notifications
team management photo crop
if data is loading, add a loading animation, if none existing, say or add a label saying like no startup listed yet
user profile (2 edit button for social media)
social media links for startups display
funding stage not stated
